

## INFINITE Possibilities

The versatility of digital printing allows the unlimited design potential to print any image/photo, pattern, text, or graphic AND the ability to replicate the appearance of surface textures like marble or wood. The visual opportunities and usages are endless.

- Doors, Partitions, & Privacy Glass
- Tables & Countertops
- Glass Portraits
- Automotive Boards
- Cornhole Boards
- Cutting Boards
- Coasters
- Dry Erase Boards
- Artwork
- Advertising
- Backsplashes
- & more!

We offer over **65** types of glass with a wide variety of patterns & prints

## INFINITE IMPRESSIONS

INFINITE IMPRESSIONS is our finely-tuned glass digital printing service. During the digital printing process, the ink is fired INTO the glass for a permanent bond that will never fade or scratch off. With digital printing, the color possibilities are endless, and prints are done in high resolution for extremely detailed results.

When you mix the talent of our staff with our wide range of glass fabrication capabilities, the results are limited only by your imagination.

## INDUSTRIES & APPLICATIONS

Our highly trained and experienced staff apply our glass fabrication capabilities in a variety of ways. Here are some of the industries and markets we serve:
